EXPERIENCE

•Software Developer Intern

On-site

walkover web solutions

June 2024 – August 2024

- Refactoring React components from class-based to functional components for techdoc.walkover.in.
- Optimizing code to reduce the number of renders and improve performance using best practices.
- Resolving bugs, enhanced existing features, and implemented new features to improve user experience and functionality.

•Frontend Developer

Remote

Qureal Technologies Pvt. Ltd.

Jan 2023 – March 2023

- Created frontend and backend of a healthcare application with key features like online doctor consultation slots booking, online doctor meetings, calendar management etc
- Engineered multiple robust APIs for extracting and modifying backend data, including slots and medicines, reducing data retrieval time by 40% and improving overall system efficiency by 25%.
- Designed reusable components to optimize code efficiency and maintainability within the application.
- Implemented microfrontends to improve scalability and development agility

Personal Projects

•Mentor - Mentee Interaction Website

Mongodb, Reactjs, Nodejs, Express

- Developed a full-fledged website for my University from scratch, Benefiting 720+ IT students
- The website facilitates various functions, including the management of records related to mentor-mentee interactions, document handling, and the assignment of mentor-mentee pairs, among other features.
- The website is soon going to be live on university's IP Address.

•Fashion Ecommerce Website

Reactjs, Nodejs, MongoDB, Express, Tailwindcss

- User and Admin Panels with Content Management System
- Login and Signup Authentication
- Cart and Checkout with Payment Gateway Integration (Braintree)
- Product Categories, Filters and Recommendations
- User Profile Management and forgot password functionalities

•Realtime VideoCall Site

WebRTC, Reactjs, Nodejs, Express

- Developed a WebRTC-based Videocall website using React, Node, and Express.
- Created a premium and mobile-friendly interface for seamless access on all range of devices.

Education

•Bachelor of Technology in Information Technology

2021- present

Medicaps University, Indore

CGPA: 7.0 CGPA

Technical Skills and Interests
